

csc 170

INTRODUCTION TO WEB DEVELOPMENT

LECTURES

WRITE THINGS DOWN!

THEY CAN'T ALL BE
WINNERS ...SORRY

DEMO FILES AND
POWERPOINT SLIDES
ALSO AVAILABLE

**GETTING AN
A
IN CSC 170**

GETTING AN *A* IN CSC 170

Lectures

== how/why

Lab assignments

== practice

Projects!

== apply what you learned

BULLET PROOF WEBSITES

NOT "GOOD ENOUGH" WEBSITES

CSC 170

== && !=

Front-end (client-side) – what users see and interact with

NOT Backend (server side)

HTML, CSS, JS

Brochure-ware (information websites)

CSC 170 approach: *like learning how to play chess*

- CSC 174: advanced front-end web design
- CSC 210: web programming (focus on back-end web)

Seems easy, right? It is! But...

Busy work ...yes there is (lots of practice)

Industry Standards & Best Practices

Over achiever → 🥲

- Labs → just follow the recipes
- Projects → yes! go crazy

BEWARE!

HOW TO "CSC 170"

Watch for
announcements

Lecture: 24 hours
